Discussion

The questions

1. Looking back, what would you have liked to know at the beginning?
2. How did you host the project to get started?
3. What changed in the AI tech from beginning to end?
4. How is the current version hosted?
5. What advice would you give faculty starting a new project?
6. What support would have helped: administration, IT, departmental?

 Over to you

Questions from the room

Thank you

Rey and Jey
